7/23/2009

#### Where can I find the Shutdown and Restart buttons on DSM 2.2?

To shut down or restart, click on the arrow next to **Logout** on the top right corner of the management UI, and choose **shutdown** or **restart** from the drop-down menu.

#### Why does the top banner still show Disk Station Manager 2.1?

Please press Ctrl + F5 to reload the browser cache or clear the browser cache, and the problem should be solved.
